

CASBA presents

Introduction to Strawbale Building Workshop

Come and learn how to build **“GREEN”** with strawbales while constructing a small load bearing permitted structure. Also learn to make and apply Earth plasters and meet great people

Bale Raising Workshop dates- July 11, 12, & 13

Plastering Workshop dates- September 12, 13, & 14

Location: Chartwell School, a LEED platinum certified private school in Seaside, near Monterey

Cost: per Workshop \$250- (includes meals on Sat & Sun)
Or both Workshops for \$450 (early registration receives bonus)
Camping available at site & hotels are nearby

**The registration form and more details are online
at www.strawbuilding.org or call 209-785-7077**
